WHAT IS A BUYERS MISSION?

Food Export USA and MIATCO understand that meeting with the right people is key to business success. The Buyers Mission invites international buyers who are prescreened and serious about importing American food products to meet U.S. exporters who produce quality food and agricultural products. Before registering for the mission, U.S. exporters receive a list of buyers and their products of interest to determine which buyer they would like to meet.

For \$75.00, U.S. exporters can meet with one or all the buyers! The meetings usually take 20-30 minutes each depending on how many buyers are attending. Usually, U.S. exporters will conduct an average of eight meetings in one day with buyers and importers from different countries!

WHO WILL ATTEND?

Food service buyers, distributors, consolidators and chefs from the Caribbean are looking to meet with exporters who produce or manufacture

- seafood ● meat and poultry ● dairy products ● fresh fruit & vegetables
- processed fruit & vegetables ● specialty foods

WHAT ARE MY OPPORTUNITIES?

Tourism is the key economic sector in many of the Caribbean islands. A study by the Organization of American States attributed nearly 3 million jobs in the Caribbean Basin to the sector, and estimated that tourism accounts for as much as 25% of export earnings. The trend to visit the Caribbean Islands have grown so large that just Barbados had more than one million tourists visit their island last year. As the hotel and cruise lines continue to grow to meet this ever booming tourist population, export to the islands are increasing by 22% each year.
